

Charles-Henry Rochat - Robotically assisted laparoscopic surgery

**2005 ACTIVITY REPORT
ROBOTIC LAPAROSCOPIC SURGERY**

Dr. Charles-Henry Rochat

Geneva Foundation for Medical Education and Research (GFMER)

Conferences and presentations

- *Advantages of robotics in radical prostatectomy*. MSD Symposium. Department of Surgery, Geneva University Hospital, 19 January 2005
- *Creation of a multi-disciplinary centre in robotic surgery: financial aspects*. MSD Symposium. Department of Surgery, Geneva University Hospital, 19 January 2005
- *Robotic laparoscopic surgery*. Medecina clinic Moscou, 29 January 2005 (Charles-Henry Rochat - Chirurgie laparoscopique robotisée / Robotically assisted laparoscopic surgery - Images)
- *Image in surgery: the Da Vinci ® robot*. 1st Imagery symposium in daily medical practice. Clinique Générale Beaulieu, 23 April 2005
- *Coeloscopy and robot*. XIII Urology Day. American Hospital, (Neuilly), Paris, 28 June 2005
- *Prostate carcinoma: "Surgery of the future"*. 1st International Conference on onco-urology surgery, St Petersburg 8 September 2005 (Charles-Henry Rochat -

[Chirurgie laparoscopique robotisée / Robotically assisted laparoscopic surgery - Images](#))

- *Robotic in urological oncology: da Vinci® system*. International Society for Geriatric Oncology, Geneva 30 September 2005
- *Robot in Urology*. 1st French-speaking Day of robotic surgery, Nancy, 9 December 2005

Organization of Congress

- President of the 2005 ERUS ([European Robotic Urology Symposium](#)) in Geneva, 24 - 25 February 2005

Organization of Visio-conferences

- 24-26 February: European Robotic Urology Symposium, 4 operations broadcasted *live* from the Louis Jeantet auditorium, "[Clinique Générale Beaulieu](#)"
- 17 June: Live Broadcasting of a robotic prostatectomy on IRCAD in Strasbourg from "[Clinique Générale Beaulieu](#)"

Communication

- Extra-peritoneal retrograde laparoscopic prostatectomy (PERL): retrospective evaluation of 360 cases since 1999. P. Dubernard, C.-H. Rochat, B. Cuzin, G. Pasticier, P. Chalabreysse, P. Chaffange (Lyon, Genève). Congress of the French Urology Association AFU (Association Française d'Urologie), Paris, November 2005

Videos

- [Laparoscopic prostatectomy. The intraperitoneal approach in 2005](#). ERUS Geneva, 25 February 2005. C.-H. Rochat, J. Sauvain
- [Néphroureterectomy by robotic assisted dissection \(Da Vinci\)](#). C.-H. Rochat, J. Sauvain. Swiss Society of Urology (Société Suisse d'Urologie), Geneva 8 September 2005
- [Robotic Assisted Prostatectomy: 2005 evolution](#). C.-H. Rochat, J. Sauvain. Congress of the French Urology Association AFU (Association Française d'Urologie), Paris, November 2005

Miscellaneous

- 16-19 March: Participation in robotic surgery sessions of the European Urology Congress in Istanbul ([Charles-Henry Rochat - Chirurgie laparoscopique robotisée / Robotically assisted laparoscopic surgery - Images](#))
- 25 August: Meeting with Thierry Piéchaud and Shawn Koppenhoefer, during the Endo-Urology International Congress in Amsterdam for the setting of the

- European database ([Charles-Henry Rochat - Chirurgie laparoscopique robotisée / Robotically assisted laparoscopic surgery - Images](#))
- 4 October: participation in the debate on the cancer of the prostate organized by PROSCA (Association de patients atteints par le cancer de la prostate), Uni-mail, Geneva
 - September : setting of the European Group of Robotic Urology website ([European Group of Robotic Urology / Groupe Européen de Robotique en Urologie](#))

Associations in 2005

- Secretary General of EGRU ([European Group of Robotic Urology](#))
- Board Member of the French-speaking Association of Robotic Surgery "Association francophone de chirurgie robotisée"
- Board Member of the "groupe genevois d'étude du cancer de la prostate"

Ongoing activities

- Setting of an international Internet database for robotic radical prostatectomy in collaboration with Shawn Koppenhoefer, GFMER and Thierry Piéchaud ([European Group of Robotic Urology - Internet based clinical trial of robotically assisted laparoscopic prostatectomy](#))
- Contribution to the book being written by Vipul Patel with the chapter: "Comparison of Standard Laparoscopic and Robotic Urology Surgery" in collaboration with Thierry Piéchaud
