

**2006 ACTIVITY REPORT  
ROBOTIC LAPAROSCOPIC SURGERY**

**Charles-Henry Rochat, MD**

Associate Professor

Chief surgeon for Urology at the Multidisciplinary Robotic Assisted Laparoscopic Center in Geneva ([www.beaulieu.ch](http://www.beaulieu.ch))

Secretary General of the European Group of Robotic Surgery ([www.egru.ch](http://www.egru.ch))

Board Member of the French-speaking Association of Robotic Surgery "Association francophone de chirurgie robotisée"

President of the « Société Médicale de Beaulieu » ([www.smb-cgb.ch](http://www.smb-cgb.ch))

Board Member of the "groupe genevois d'étude du cancer de la prostate"

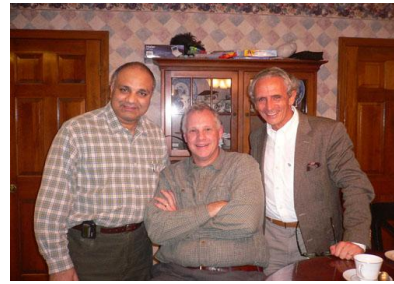

President of the 2005 Robotic Urology Symposium

([http://www.gfmer.ch/Medical\\_education\\_En/pdf/Robotic\\_urology\\_symposium.pdf](http://www.gfmer.ch/Medical_education_En/pdf/Robotic_urology_symposium.pdf))

Conferences and presentations

- 3 February: « [Transperitoneal robotic prostatectomy](#) », Robotic Surgery Symposium, Zürich
- 15-18 February: « [Robotic surgery in urology](#) », Training Course in Oncologic Laparoscopy, Oncologic Hospital, St Petersburg
- 27 April: « [Robotic in Urology](#) », conference, Uni Dufour, Geneva
- 8 June: « Laparoscopy in the treatment of localized prostate cancer » 2<sup>nd</sup> Urology Congress in the French-speaking part of Switzerland for nurses and OT nurses, Geneva
- 8 September: « [Le robot da Vinci, miroir aux alouettes ou pierre philosophale](#) » Swiss Society of Urology, Geneva
- 9 September: « [Status Report of European Data Base](#) » ERUS 06, Stockholm
- 13 November: « From Fistula Repairs to Robotic Surgery, an Amazing Journey » Roswell Park Cancer Institute Buffalo

## Chair

7 September: “Mini-invasive surgery” Swiss Society of Urology Congress, Geneva

## Videos

8 September: « Robotic Radical Prostatectomy: development in 2006 » Swiss Society of Urology, Geneva

## Publications

- Rochat CH. [Prostatectomie radicale robot assistée \(Da Vinci ®\) : abord transpéritoneal.](#) J Urol Urogynäkol. 2006 (CH); 8(4):17-21
- Rochat CH. [Der transperitoneale Zugang bei der roboterassistierten radikalen Prostatektomie \(Da Vinci® - system\).](#) J Urol Urogynäkol. 2006; 13(4):17-21

## Ongoing activities

- Awaiting the publication of the chapter « Comparison of Standard Laparoscopic and Robotic Urology Surgery », co-author, Editor Vipul Patel.
- Drafting of the chapter « Transperitoneal access to robotic prostatectomy », Editors: Hubert John and Peter Wiklund.
- Coordination, with T. Piechaud, Bordeaux, of the European Multicentric Study on the results of robotic radical prostatectomy (European Multicenter dVP Study (EmdS)).
